May- 2009.

Beloved brethren in the common faith, as every month, I want to share with you what is happening with the work of God in these places.

Excellent things in the month of May:

In the local church: Saturday 2 of May my son “Chavito” gets ready to go to distribute pamphlets with the young people of the church, they after two hours returned and I asked why they returned so soon? , well... two boys have decided to baptize themselves and is the reason that we return before we had thought. That same afternoon we baptized a: Jazziel Martinez of 14 and Ricardo Rodriguez of 13 years old.

In Phoenix, Arizona: 13-17- I began a gospel meeting with the church that meets in, 4415 W Thomas Rd Phoenix, Arizona.

The suggested subjects were: “Giving strength to the church”, the brothers have been affected strongly by the economic crisis because the majority is paying their houses. There are brothers with months without work, others work of very irregular way, that is to say, two three days per week. Despite the situation, the brothers watch ahead in their faith knowing that the award we hoped to receive is so beautiful and incomparably great that any sacrifice here in this life is worth the pain well. This situation that faces the brothers has served them much in the spiritual land and to revalue the things generally. The children are learning that, are not question of “I want this”, now firstly they watch at mother and Father. “Mimi” wife of Abraham Villegas, preacher in this locality, tell us, that before, she was looking inside of her refrigerator to throw the food and to return to fill of new food. Today I review well the refrigerator and if encounter a tomato that is something damaged, I cut damaged part and use that tomato. We are learning to be more careful in what God gives us.

I preached a few subjects to fortify the church, but due to the many visitors who we had in that gospel meeting I began to give subjects of calling and the brothers were in agreement with this because, we know that the church is fortified seeing visitors and that they are baptized.

Friday 15, was baptized, Angelina Calzadilla of 39 years old, she with tears in he reyes, profess her faith in Jesus Christ.

Abraham Villegas, Works in this locality supported by several men and the church in general, the church is paying their own building. If you want to know more of the work here, feel free to write to: avillegas1@yahoo.com

Empalme Sonora- May 28 – 31. I preach for a new work. The subjects were announced as follow: Friday “Until seventy times seven” (forgiveness) Saturday “Say to the children of Israel the walks”. Sunday “A trut disciple -class” - Sermon “Holocaust” In the afternoon:

“When the son of David died”. We were to ending the class in the morning, suddenly two women appears in the door and said “we are here to listen “HOLOCAUST”, well someone tried to explain that we are having a class and after class we will began the worship, and one of the ladies said: “Here in the invitation says that Holocaust will be at 11:00am. And I am on time” We had to learn punctuality in what are announcing. They were very attentive to the subject.

“Holocaust” The emphasis to this subject was That God is a God that gives. We, as His children must learn to give, Sarepth widow, the very poor widow... The offering that pleased more and sublimely to the Father was the offering of Jesus His Son, This pleased much to the Father who said: “Ask which you want and I will give it to you” (to heighten the point I use as example the dance of that girl before Herod, she pleased to Herod and he said, ask me what you want and I will give it to you, she advised by her mother had requested the head of John the Baptist). What do you think Christ asked the Father? ...I took the hand of a lady who was visiting, saying, Christ has asked the Father, I want that this lady comes to heaven, I want to save her... the question is, will this lady wants to go to heaven with Jesus? ... She began to cry saying, yes I want to be baptized, and we went to the sea to baptize her. The new sister is: Blanca Delia Sepulveda of 65 years old.

The church here in Empalme are 14 members, Marco Antonio Amador is the preacher here helped by the men and the church in general. In this gospel meeting we had an attendance of 70 people, doubt the brethren from Guaymas and Obregon Sonora visit. This church haves the need to find support for their preacher.
